

The Henry Wrinkles Foundation

The Henry Wrinkles Foundation is a non-profit 501(c) 3 organization of PAWS. It was created in 2005 by Susan Boyd to utilize Henry's unique appeal and talent on projects that improve the lives of children and animals.

100% of the profit of income and donations to the Henry Wrinkles foundation goes toward two areas, a Spay/Neuter program and a "Paws Up For Learning" program.

The focus of each of these areas is:

Spay/Neuter Program- To provide grants to pet owners to get their pets spayed or neutered at a reduced rate and to help establish spay/neuter clinic education programs to promote the importance of spaying and neutering.

"Paws Up for Learning" - To work with area schools in establishing the use of animal-assisted education, learning, and therapy.

Cowboy, Spay it Forward!

how will you enjoy
the last *dog days* of summer?
(henry has a few ideas.)

PAWS...
your "Trained, Certified, Swim-Buddy" is waiting for you.
